CHARACTER profile

JOHN DEANE - KS2

1800

John Deane lived in the 1800s.

Fire Fighting

He first invented a helmet to fight fires. He later adapted it for underwater use.

Siblings

He worked with his brother Charles.

"Invention begins with curiosity."

Curiosity

He believed curiosity leads to progress.

Gosport

Gosport was ideal for sea exploration

Marine Science

His invention changed marine science.

Worth the Risk

Diving was dangerous at the time. He believed discovery was worth the risk.

Mary Rose

He dived on famous shipwrecks like the Mary Rose.

History

His work helped recover historical objects.

Exploration

His helmet supplied air through a hose. This allowed longer underwater exploration.

"What if we tried it a different way?"
